

## **The logic of deliberately creating enemies**

**Drone attacks are the new, cost-saving method to achieve this.**

**The War on Terror is an easy way to hide U.S. wars for oil.**

**Creating enemies is a convenient way to facilitate this strategy.**

It is in the interest of the Military-Industrial Complex to deliberately create enemies because it is good for their business.

Politicians accordingly deliberately create foreign enemies because it is good for military business, jobs and their re-election funding.

The media deliberately hypes fear of enemies because of interlocking directorships and stockholders with the M-I Complex, which brainwashes us.

The Bourgeoisie is deliberately creating foreign enemies to keep the Proletariat terrified and submissive in the class struggle for wages and benefits.

U.S. Armed Forces stupidly create enemies with torture and massacre because they are too uneducated and brainwashed to see the Big Lie.

Israel is deliberately provoking enemy attacks to attract sympathy and funding for the settler agenda to take over all of Palestine, claiming God's Will.

Academia is going along with this phony war on terror in order to keep the corporate money flowing to their schools and professors, hence brainwashing.

State and local governments and police are going along with this phony war on terror because it gives them money and equipment.

Most religious leaders go along with the phony War on Terror, not to alienate their congregations and donations.

Intelligence analysts go along with the phony War on Terror, except for a few courageous whistle blowers, to keep their jobs and their personal security.

Our friends, relatives and neighbors go along with the phony War on Terror because they are brainwashed and/or afraid to oppose it, joining the herd.

**THIS IS NOT A VAST RIGHT-WING CONSPIRACY, JUST A CONFLUENCE OF INTERESTS, CREATING A CULT-LIKE "GROUP-THINK" REMINISCENT OF THE BRUTAL SPANISH INQUISITION, SALEM WITCH TRIALS, McCARTHY'S ANTI-COMMUNIST CRUSADE, ANTISEMITIC POGROMS AND HITLER'S GERMANY.**
